### DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

Newly submitted claims 83-97 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: original claims are directed to plasma lamp having a protruding portion of solid dielectric material surrounds the bulb.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 83-97 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Claims 83-97 are requested to be canceled.

Claims 58-59 and 61-82 are allowed.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
